Embedded Video Functionality is HERE for the Virtual Career Fair

- The new imbedded video module has been added to the Virtual Career Fair (VCF) page of the GatorHired platform. That means you no longer need to add an outside meeting/interview link (ZOOM, Skype, MSTeam,s etc), UNLESS you want to utilize a Group Chat option. The video platform is there once you login to the VCF page. If you have added a Group Chat external link, that is fine, but to do the one-on-one interviews, the video platform is built in. This should make the navigation experience so much easier for you.
- To login to the GatorHired platform, go to uhd.edu/gatorhired; click EMPLOYERS, enter your work email address and password. If you have forgotten your password, click Forgot Password and a link will be emailed to you to reset your password. (If you have added representatives that do not have an account in our platform, we will need to add them to GatorHired. Email us those email addresses of those reps planning to attend, and we will get them set-up and email them links to set up their account.
- Once you have logged into GatorHired, click the EVENTS tab, then CAREER FAIRS, then on the VIRTUAL Career Fair, click Registered, or View Chats.
- We will be hosting a Virtual Help Center you can access starting one hour before the Career Fair and will remain open until the end of the event. Remember, you can access the VCF platform starting at 10AM, with the Career Fair officially beginning and open to students starting at 11am.
- If you wish to view a brief video tutorial of the new imbedded video functionality, from the Employers side, and students side, click link below: https://www.youtube.com/watch?v=-t70IkmeCRo

We want to thank you for your partnership and are here to help if you need any assistance in preparing for the VCF.
