The members of the faculty of the University of Houston-Downtown established this Constitution to provide an instrument for cooperative action in attending to such professional goals as the members may select.

Article One: Membership

Article Two: Officers

Article Three: Meetings

Article Four: Committees of the Faculty Senate

Article Five: University Standing Policy Committees

Article Six: Amending Procedure

ARTICLE ONE: MEMBERSHIP

Section One—Senate Membership

The Faculty Senate shall consist of a president-elect, a president, a past president, a secretary, and elected representatives from all academic departments of the university.

Section Two—Faculty Assembly

All university employees holding academic rank as full-time faculty [e.g. lecturers, clinical and tenured/tenure-track], shall be eligible to serve in the Faculty Senate, and shall constitute the Faculty Assembly.

Section Three—Representation

To be eligible to serve as a Faculty Senator, tenure-track nominees must have been members of the UHD faculty assembly (or equivalent at another university) for at least six long semesters prior to serving. This generally means the first time that new faculty members are eligible to serve on Faculty Senate is the beginning of their fourth year at UHD.

Each academic department of each degree granting college shall elect at least one representative from among the tenured/tenure-track faculty to the Senate. Departments with more than 15 tenured/tenure-track faculty members eligible to serve in the Senate shall elect one additional representative for every additional 10 tenured/tenure-track faculty members, or major fraction thereof, in the department on April 1st (i.e. see the Table below). If a department is allotted more than one Senator, at least one of those Senators must be a tenured faculty member.

Table 1: Number of Faculty Senators per academic department tenured/tenure-track faculty

Tenured/tenure-track faculty on April 1	Faculty senators following academic year
---	--

1-15	1
16-25	2
26-35	3
36-45	4
46-55	5

Additionally, each college is eligible to elect one lecturer and/or clinical faculty to serve as a representative for their college. If no lecturer and/or clinical faculty is elected, the seat will remain vacant until the next election. There is no previous appointment requirement for a college's Lecturer and/or clinical faculty nominee.

Section Four—Terms of Office

The term of office for each senator shall be two years.

No senator may serve more than two consecutive terms.

Terms of office shall run from August 15 through August 14...

In the event of a vacancy prior to the normal expiration of a term, a special election shall be held within thirty days to fill the unexpired term.

The terms shall be overlapping, per department, with approximately one-half of the senators being elected each year. Initial terms of office of one year or of two years shall be determined by lot. As departments add or lose senator positions due to total faculty count, the Senate President will dictate term lengths of 1 or 2 years for new elections as needed to maintain the overlapping term mandate.

Senators may run for re-election.

In the event that a senator misses three meetings in a single semester, the President of the Faculty Senate will send a notice of that fact to the senator's department for distribution to the department faculty.

Section Five—Senator Elections

Each spring, each department shall elect by secret ballot the number of representatives to which it is entitled. The Committee on Credentials and Elections shall establish procedures for department elections.

If the department has a tenured faculty member currently serving as a senator, then the departmental nominees for a new or replacement position may be tenured or tenure-track. However, if a department that is allotted more than 1 senator does not have a tenured representative (or it is a department of less than 16 faculty that has a sole tenured representative who is being replaced), the nominees are limited to tenured faculty only, unless there are no tenured faculty available.

Elections of representatives must be conducted prior to April 15.

Section Six—Removal of Senators

Two or more faculty from the senator's own department must send a written request for a removal vote to the Faculty Senate President who will then notify the Committee on Credentials and Elections

to conduct the vote for removal and certify the results no later than 3 weeks after the request was submitted.

A senator may be removed from office by a secret ballot vote of two-thirds [2/3] of the faculty assembly members of the department which the senator represents.

If the senator in question is on the Committee on Credentials and Elections, that senator shall be temporarily excused from the committee.

Section Seven—Voting Rights

All faculty members may attend and participate in discussions at the regular meetings, though only members of the Faculty Senate may propose motions and vote.

Section Eight—Other Representatives

Components of the university other than academic departments may be authorized by the regular Senate membership to elect nonvoting representatives to the Senate. Any component of the university desiring such representation may petition the Faculty Senate for authorization to elect a non-voting representative. Authorization requires a two-thirds vote of the Senate.

ARTICLE TWO: OFFICERS

Section One—Officers and Voting Rights

The faculty senate shall have a president-elect, a president, a past president, and a secretary.

The president-elect, the past president and the secretary shall be regular voting members of the Senate, but the president shall vote only to break a tie.

5. The President and President-elect must be tenured members of the faculty assembly at the time of the election.

In the first year of the new president-elect structure, both a president and president-elect must be elected. Thereafter, only a president-elect must be elected annually.

Section Three—Terms of Office

Terms of all officers shall begin August 15.
