Comparative data is as of the same point.

Enrollments in classes starting after the official day of record for the Fall semester are not included.

Graduate Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students.

Beginning Fall 2016, UHD implemented a policy that allows new students to declare their major upon admission to the University, if eligible. This results in a larger number of new students declaring majors than in previous years. This change is partially responsible for the increase in undergraduate majors (and decrease in undeclared majors) throughout the university.

[1] *The Professional Writing program is being phased out, and students in this program can decide to finish it or change over to the new Technical Communication program.*

[2] *Effective Fall 2017, these departments have been reorganized. To enable easier comparison over time, the previous years' information has been put into the current department structure.*

[3] *The Computer Information Systems (CIS) and Enterprise Information Systems (EIS) majors are being phased out, students in these majors can decide to finish or change over to the new Management Information Systems (MIS) major, introduced Fall 2016. To allow for more quick comparisons, a subtotal combining CIS/EIS/MIS has been added.*
