### Join us as we share best practices in innovative teaching and learning!

Registration ends November 4! All symposium events will be in ACAD 300 (auditorium & conference room spaces). Submit your registration before this date to receive symposium materials and be included in meal planning (all free!). This event has filled to capacity in the past, so we advise that you register early.

This year, we are proud to announce that the UHD T&L Symposium will be the venue for the launch of HTXedu: A HigherEd Teaching Excellence Conference, in collaboration with the Houston Area Faculty Developers (HAFD) group. This conference will be an opportunity for collaboration and innovation among members of Southeast Texas institutions engaged in efforts to improve student success through enhanced pedagogy.

Our 2019 keynote speaker will be José Antonio Bowen, author of *Teaching Naked: How Moving Technology Out of Your College Classroom Will Improve Student Learning* (winner of the Ness Award for Best Book on Higher Education from the American Association of Colleges and Universities) and author of over 100 scholarly articles. In addition to a morning keynote address, Bowen will also lead a workshop in the afternoon.
